

# AP Calculus Contract

We at St Francis High School are proud of our exceptional math program. In 2023, the Global mean score on the AP Calculus AB Exam was 2.99, but here at St Francis it was **3.38 (36% were 5's)**. The Global AP Calculus BC Exam score was 3.75, but at St Francis it was **4.33 (50% were 5's)**. The Student surveys attribute their success to their hard work and the Practice (or "Mock") Exams, including the chance to do a simulated 3.5 hour Mock Exam, just like the actual AP Exam. These exams are secure exams with scoring rubrics directly from the College Board, for classroom use only by Audited AP Instructors only.

My hope is that we focus on the love of learning; seeking to master the topic for our future, rather than merely work toward a letter grade.
