

Statistics		
Test date and time	Exam Date: May 22 <ul style="list-style-type: none"> Pacific Time: 11 a.m. 	
Exam timing	Students will have 25 minutes to read and respond to Question 1, and then 5 minutes to upload their response. After uploading the response to Question 1, students will have 15 minutes to respond to Question 2, with 5 additional minutes to upload their response to Question 2. Once their response to Question 1 has been submitted, they cannot go back to it.	
Questions	Question 1 (25 mins.)	Question 2 (15 mins.)
% of exam weight (rounded)	55%	45%
Question name	Multi-focus free-response question	Multi-focus free-response question
Question description	This question may cover 2 or more of the following (within Units 1-7): <ul style="list-style-type: none"> Exploring Data Sampling and Experimentation Probability and Simulations Inference 	This question may cover 2 or more of the following (within Units 1-7): <ul style="list-style-type: none"> Exploring Data Sampling and Experimentation Probability and Simulations Inference
Corresponding free-response question (FRQ) type in the course and exam description binder	Question 1 will consist of similar components to traditional Statistics exam questions, assessing 2 or 3 of the course skill categories (including the inference skills within each category).	Question 2 will consist of similar components to traditional Statistics exam questions, assessing 2 or 3 of the course skill categories (including the inference skills within each category).
Units eligible for 2020 exam	Units 1-7	
Units not included in 2020 exam	Units 8-9	
Other course-specific info	<ul style="list-style-type: none"> There will not be an Investigative Task on the 2020 AP Statistics Exam. As on a traditional AP Exam, students may require access to the AP Statistics Formula Sheet and should access and/or print it before the exam. Please use the version linked here. Questions on the 2020 AP Statistics Exam are designed such that required calculations can be done with a pencil and paper, with no calculator (including one with graphical or statistical capabilities) required. However, use of a calculator is allowed and may be helpful. Simple (“four-function”) calculators are freely available as apps for computers and phones (i.e. most or all internet-connected devices), and can be installed beforehand for use on the exam. 	
Make-up test date and time	Date: June 5 <ul style="list-style-type: none"> Pacific Time: 1 p.m.
